<b>Not sure, you decide</b>	<b>Let Climbing Resoles decide on a rubber for you</b>				

**Shoe cleaning** - Let us scrub your shoes inside and out to take away odours and have them looking like new.

Yes

No

**Rand repair** - A rand repair is the replacement of the rubber on the toe area of your climbing shoes. ***This can only be done in conjunction with a resole of the sole rubber.*** We will assess your shoes when they come into our workshop and will let you know if your shoes need a rand repair. Please check our website for more information on rand repairs.

**Two way postage** - Your shoes are collected by courier & sent to us here in Canberra. Once your shoes are completed, we will post them back to you (**using your address label above**).

**Payment** - Once we receive your shoes, we will put them in our queue. We will assess your shoes and send you a quote with our payment details just before we start working on them.

***Latest pricing and turnaround time can be found on our website, [www.climbingresoles.com.au](http://www.climbingresoles.com.au)***
